

9/25/2026

All,

I just wanted to let you know that I spoke with plaintiffs' counsel this morning and offered to enter into a consent judgment stating that the township would agree that it would not levy more than .2375 mills during the term of the authorized levy of 10 years, subject to Headlee rollbacks and provided there was no future election to override Headlee during the term. Further, I agreed that there was no capture by the DDA or other tax capture entities as provided by law without agreement by the library and such a provision could also be included in the consent judgment.

Plaintiffs' counsel stated that they would speak with their clients and get back to me early next week. When I hear back from them, I will let you know. In the meantime, if you have any questions, please let me know. Thanks.
