Now is the time to invest in outdoor recreation

Sparta is in need of new youth sports fields and recreation space. The existing fields, which are more than 40 years old, have been lovingly stewarded by dedicated volunteers and regular maintenance is always performed. Now is the time to invest in a facility that has handicap accessibility, restroom facilities, expanded and upgraded playing fields, and paved walking trails and nature trails for our community. Over the last decade youth sports including football, baseball/softball, rugby, soccer and cheerleading have all experienced growth in their numbers and have outgrown the current fields for practices and games.

Inclusive access to outdoor activities

The master plan includes multiple types of sports fields and other recreational facilities such as playground and pavilion picnic areas, paved and natural walking trails, indoor restrooms, concession, and more. The complex is within walking distance from downtown Sparta, neighborhoods, and the school buildings. It is a connector segment of the Sparta Trails master plan to increase walkability and connectivity within the community.

Let's go play – embodies the playful outdoor spirit of our community. Sparta has been in need of improved and expanded athletic fields and recreational space for decades. Sparta Township and Sparta Village are working together to provide a quality recreational amenity for the community. Our community is dedicated to invest in the full potential of recreation opportunities for all ages.
